MONEYTALK\$

Money matters. It is important to everyone. Many of today's students understand the importance of earning money, but few understand the importance of managing it. The WEOKIE Credit Union Foundation recognizes the importance of financial education and is committed to increasing financial literacy in Oklahoma schools. The WEOKIE Credit Union Foundation's no-cost MONEY TALK\$ Financial Education Program teaches youth how to manage their money wisely.

As an educator, this is your chance to do your part to insure that today's youth grow up to be financially responsible adults. You can have WEOKIE's financial professionals visit your classroom to promote basic money management skills. The program is adaptable for grades 2-12.

To take part in this FREE program, complete and return the attached information card to us. We will then contact you to schedule a MONEY TALK\$ session for your classroom. View the attached DVD for more details about MONEY TALK\$.

Topics of discussion:

- **Basic money management skills**
- **How to write a check a check and balance a checkbook**
- **How to use ATM and debit cards**
- **Saving and investing for the future**
- **Understanding the different types of loans**
- **Managing a credit score**
- **How to develop a budget**

Financial education has never been more important than now. Money management is a life skill that should be mastered at a young age. Today's youth must have the skills and knowledge to handle their finances wisely throughout their lifetime. Do your part to make a positive difference in the personal financial knowledge and behavior of young adults. Sign up for the WEOKIE Credit Union Foundation's MONEY TALK\$ Financial Education Program.
